

RCC Summer Camp 2012

6.11/6.18 I Think I'm Gonna Like It Here

Of course you are! Let's kick off our summer with our 7th annual polar bear swim! Head's up! Miniature golfing at **Golf World** will prepare us for our "RCC Open" golf tournament. Penguins and fuzzy polar bears will tickle our fancy at **The Pittsburgh Zoo**. And the Ferret Council will stop in for a visit! Oh my goodness, oh my goodness!

6.25/7.2 You're Never Fully Dressed...

...without a smile, that is! Show those pearly whites at our annual RCC Talent Show. Keep on smiling because we are visiting the **Heinz Sports Museum** for the 1st time ever! The stars and the moon will shine when we go to the **Waterworks Cinemas** to see "La Luna." Our talent will shine like the top of the Chrysler Building at our Rags to Riches Fashion Show.

7.9/7.16 Easy Street

Take a stroll on Easy Street as we head to **Fun Fest** to strike it big! Kick back and relax at our PJ Party when we will enjoy popcorn and pillow games. The street won't be so easy on Wacky Wednesday when we compete for the wackiest "dapper Dan." Take a walk on the wild side when we visit **The Children's Museum** and explore "*how things work*."

7.23/7.30 Tomorrow, Tomorrow

Our future actors will shine as we prepare for our summer performance of "Annie." We will visit **Apple Hill Playhouse** to learn from the professionals. Let's step back in time as we see what life was like under the sea aboard the USS Requin submarine at **The Carnegie Science Center**. It's a race to the finish when we uncover our inner-Olympians at **Sports Works**. Our future Olympians will be discovered at RCC's Summer Olympic Games. The Bayer Science Show will blow you away! And bury all of your "secrets" in our time capsule that we will expose in the future!

8.6/8.13 It's the Hard Knock Life

We hear wedding bells ringing to the tune of forever friendship! Our RCC wedding will "seal the deal" with a high five. It's hard to see the summer end, but it will be a blast at our lunch at **Max and Erma's** and field day at **Squaw Valley Park**. Be sure to check out the fossils at **The Carnegie Museum** because you will be creating your own when we return! We will say "sianara" to our old friends as we kiss the summer goodbye at our Retirement Party.

★ All activities/field trips are subject to change.
